

ODOR CONTROL CONCENTRATE

Neutralizes Odors On Contact!

Effective Odor Control

PortaChamp incorporates the exact natural mineral science used in Cheltec's industrial odor abatement formulation to successfully eliminate odors from large-scale hog confinement houses and municipal sewage lift stations. PortaChamp liquid minerals instantly bond with gas particles generated from organic waste to completely neutralize their odors, making PortaChamp a perfect and safe odor control solution for portable toilets.

Features

- ✓ Formaldehyde Free
- ✓ PortaChamp utilizes a natural mineral that neutralizes odor completely
- ✓ Designed for extremely high temperatures and high traffic
- ✓ Neutralizes odor-causing gas from waste immediately
- ✓ Suppresses ammonia from gassing off
- ✓ Concentrated formulation

Simple, Safe, and Effective

Add 2-4 ounces per unit weekly to keep the unit odor-free year-round, even in extreme heat and high traffic. PortaChamp completely disperses within the tank until pumped out.

Benefits

- ▶ Longer-lasting odor control alleviates concerns about odor breakthroughs if servicing is delayed
- ▶ Deep Royal Blue non-staining dye hides waste and paper
- ▶ Long-lasting citrus fragrance for a pleasant unit experience
- ▶ Odor is eliminated, not masked by the fragrance
- ▶ Cost-effective

Available Sizes

1-gallon jug (4 per/case)

5-gallon jug

55-gallon drum
